

Our IMPACT:

JEWISH EDUCATION

“We are incredibly grateful to The Jewish Federation for the financial support it provides to the Jewish Primary Day School of the Nation’s Capital (JPDS-NC). My husband and I have seen first-hand the extraordinary effect that JPDS-NC has on our children’s lives and our family life.

Our children are thriving at JPDS-NC! They have a deep love for the school, their teachers and their friends. They are engaged and excited about learning everything—from a growing understanding of Jewish text and tradition, to building a connection to Israel, to speaking Hebrew, to delving into the rich curriculum in general studies, to developing skills like creativity, collaboration and critical thinking.

Just as important, their experience at the JPDS-NC has helped them become more curious, joyful learners and more committed, engaged Jews.

Unfortunately, our family has suffered several serious financial setbacks in recent years, and without financial aid, we simply would not be able to provide our children with this invaluable experience. Without the anchor of day school education, I don’t believe that our family would be as deeply involved in Jewish communal life as we are today. We are incredibly grateful to The Jewish Federation for nurturing the Jewish spirit of every member of our family through its support of day school education.”
