The Donor Advised Fund (DAF), also known as philanthropic fund, allows you to donate your cash or marketable securities at a time that is advantageous to you for tax or other purposes. Your contribution of \$10,000 or more will establish a fund that you name. Any contributions you make of assets you have held for at least one year may be tax-deductible at fair market value. In addition, any funds held in the account grow tax-free. A single large contribution to your fund may be used later to distribute donations to any number of charities.

At your convenience, you may recommend distributions to charities you would like to support. If you establish a permanent DAF, you, and your family if you choose, may distribute a percentage of the fund annually, preserving the fund forever. Unless you request anonymity, grant checks are sent in the name of the fund.

You may name your children as additional advisors to the fund to recommend grants now or as your successors—enabling your family to carry on the philanthropic tradition you have established.

A Donor Advised Fund can provide the advantages of a private foundation while eliminating the initial and on-going legal and accounting costs. Your fund will also avoid excise taxes on investment income. You are allowed greater tax deductions for contributions to donor advised funds than for contributions to private foundations.
