

Camp Gan Israel

Camp Gan Israel Expansion • Impact Grant

Our request is for two modular cabins which will allow us expand our availability for additional 30 children. Camp Gan Israel (CGI) attracts our youth from across all denominations and from all communities in Northern Virginia. The enthusiasm is evident by the fact of CGI being maxed out of our space year after year. Presently we can accommodate 175 on a daily basis. We are in desperate need of more space.

Proposal

Camp Gan Israel Expansion

Funding

\$30,000

Category

New - NOVA/NextGen Combined - Impact

Program Goals

1. To build new outdoor cabins on our property to allow more space for the kids to attend. Without the extra rooms we are simply maxed out.

Metrics

METRIC NUMBERS TBD

new attendees

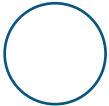

partnerships with other organizations

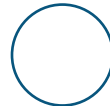

unique attendees

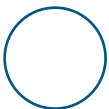

number of family engagement activities/holiday programs throughout the year

attendees to multiple activities (if applicable)

new families participating in holiday programs

attendees who participated in another related activity not hosted by you (if capable of tracking via a partnership)

new camp families for summer of 2021

individuals in the organizational database by quarter for the target population/geography
