Amid the escalation and possible war, our commitment is to the security of the Jewish people.

The Jewish Agency for Israel and Keren Yedidut have joined together to open an emergency center for Ukrainian Jews intended to provide guidance and information regarding the Aliyah (immigration) process to Israel.

The emergency center will operate information lines in Hebrew, Ukrainian, and Russian and is intended for applicants from members of the Jewish community in Ukraine and their relatives in Israel.

The toll-free phone number in Ukraine is 0800504603 with additional local numbers: 442300478, 380936517177, 380960979851, 0638318336, 380504691840.

Relatives living in Israel can call toll-free 1800228055 extension 4 with additional local numbers - 02-6367714 and 02-6461447.

The Jewish Agency and Keren Yedidut are prepared to address various needs due to the escalation in coordination with the relevant government ministries.
