

GW Hillel in partnership with UMD Hillel, VT Hillel, and Mason Hillel

DMV Pipeline | Innovation Grant

The DMV Hillel Pipeline Project works to build a more interconnected DMV Jewish community so that graduates can more easily plug-into similar types of relational Jewish spaces beyond their college years. The Pipeline Project aims to do this through building a consortium of organizations that cover multiple stages of development, crafting best practices to help individuals address the 'spaces in-between' of their Jewish journeys, and creating and implementing a mentorship model to act as the key means of connecting individuals from one stage to the next. We will utilize the rich relationships from the consortium and wider community to help individuals navigate their personal and professional lives, keeping Jewish values at heart.

Proposal

DMV Pipeline

Funding

\$70,000

Category

New - NextGen

Program Goals

1. Community building through Relationship Ambassadors (VT)
2. Concierge and task-force-inspired programming (UMD)
3. Personalized and high-impact mentorship pairings (GW)
4. Hold the consortium (GMU)
